

# A RISING THREAT?

## Nuclear Weapons in India & Pakistan

Name: \_\_\_\_\_

Class Hour: \_\_\_\_\_

**Directions:** Using your research, choose at least TWO of the following topics to complete a final project / essay / poster.

--All information must be handwritten...

--Please find appropriate pictures to add to your project...

--If you use different websites than Round One questions, please add a Works Cited page...

**OPTION #1** → “Nuclear terrorism” is a major concern nowadays. What kinds of nuclear threats could terrorist groups unleash (set off)? Which groups are actively trying to do so?

**OPTION #2** → Considering the fact that the two major religions in India & Pakistan believe the other religion is blasphemous (non-believers that should be destroyed), describe why there is concern about the fact that both have nuclear weapons and the fact that neither has signed the Nuclear Non-Proliferation Treaty.

**OPTION #3** → Should all nations be allowed to use nuclear technology for peaceful purposes? Why or why not?

**OPTION #4** → Find and read at least TWO news articles that discuss the fight over India & Pakistan’s dispute over Kashmir. Summarize what the problem is, in your own words.

**OPTION #5** → Write your own solution(s) as to how India & Pakistan may be able to resolve their issues with one another. How can they find peace?

**OPTION #6** → Find and explain several maps / charts / diagrams about this issue.

**OPTION #7** → If you want to write about another issue that isn’t one of the options above, please ask Mr. Haak or Mr. Tripp!
